Work Experience

Website Designer & Developer

Los Angeles Web Club - South Gate, CA

May 2017 - Current (Full-time)

- Proud founder of Los Angeles Web Club, a creative design agency. We focus on creating websites and digital assets for small businesses. We've worked with companies large and small to deliver high quality websites that not only look beautiful but are also optimized to for ranking and speed. Check us out at www.lawebclub.com

Front-End Developer

Cheef Holdings - Commerce, CA

Jan 2022- June 2022 • 6 mos

- Primary tasks include either updating page designs using Elmentor or adding site functionality using a variety of plugins. Updating pages includes breaking up walls of text into neatly ogranazed sections, creating web components like toggles, accorditions or carousels and optimizing images by compressing them while maintaining image quality.

Front-End Developer

TLG Marketing Company - Long Beach, CA

Jan 2018 - Oct 2020 • 2yrs 10 mos

- Responsible for designing, developing and independently managing over 90 client websites. Client industries range from medical to law to governmental website. My daily responsibilites included mocking-up website designs using Adobe XD then converting those designs into functional websites using WordPress and Elementor.

Photoshop Instructor

Caledonian Vocational Training - Commerce, CA

Oct 2017 - Aug 2018 • 9 mos

- Worked closely with students following a vocational training program set forth by Caledonian. My main responsibilities were to teach injured adult students the essentials of Adobe Photoshop, Microsoft and Google Suites to enhance their employment opportunities.
